SUBJECT: 'LUGGER' Three bodies for one? Is it too good to be true? Police in an ongoing investigation are still searching for a 'lugger' who, they say, killed the 15 victims, police and military uniforms, damaged bodies, and equipment in the 'Bongbong' in the Philippines. It is a story that is likely to be told for years.

Security agency under Cory's term said to bag gov't contracts

By Philippine Star
HAIR AFTER CUNYON SOUND RECORD
 (PHILIPPINE STAR) — A security agency under President Corason Aquino's term is said to have bagged government contracts for security services, a move that has drawn criticism from the government.

The agency, known as the National Security Agency (NSA), was established in 1986. It is a government-owned corporation that provides security services to the government and private companies.

The NSA has been accused of using its position to secure government contracts for security services. This has led to criticism from the public and the government. The agency has denied these allegations and claims that it is a legitimate business.

Kapatiran wants free time, space in media

By Dawn Bee-Rogers

MANILA (PNA) — KAPATIRAN, the national labor union, has long fought for a free press. It has been a long and arduous journey, but it has finally reached its destination. In a landmark decision, the Supreme Court has ruled in favor of Kapatiran, granting it the right to free time and space in the media.

The court's decision is a significant victory for Kapatiran, which has been fighting for years to ensure that its members have a voice in the media. The court ruled that Kapatiran has the right to use the media to communicate with its members and the public.

Aquino or Villar? NPC may soon have to choose—Sotto

By JIMMY K. SMITH

MANILA, Philippines (AP) — The National Political Congress (NPC) may soon have to choose between two potential presidential candidates, Sen. Juan Ponce Enrile and Sen. Juan Villar, who are both vying for the position of president of the Senate. Enrile, 68, is a former senator and a member of the ruling Liberal Party. Villar, 65, is a former senator and a member of the opposition United Nationalist Alliance (UNA). Both men are considered strong contenders for the presidency in the 2004 elections. The NPC is expected to hold a session in the coming days to discuss the matter.

Gordon threatens to sue pollsters

By JIMMY K. SMITH

MANILA, Philippines (AP) — Sen. Gordon threatened to sue pollsters on Tuesday after a survey showed him trailing in the race for the presidency. The survey, conducted by a private firm, showed Enrile leading by a significant margin. Gordon, who is a member of the ruling Liberal Party, expressed his disappointment and vowed to take legal action against the pollsters if the results were found to be inaccurate.

GMA's economic guru leaving her for Noyonoy

Manila, Philippines (GMA News) - GMA's economic guru, Dr. Noyonoy, is leaving her post as the head of the GMA's economic advisory board. Dr. Noyonoy, who has been with GMA since 1990, is stepping down from her position to pursue other opportunities. Her departure marks the end of a long and successful career at GMA, where she has been a prominent voice in economic discussions. The board, which provides expert advice on economic issues, will continue to operate with other members. Dr. Noyonoy's departure is a significant loss for GMA, as she has been a key figure in the network's economic coverage.

Davide hits graft

Manila, Philippines (GMA News) - A recent investigation by the Department of Justice (DOJ) has revealed significant graft and corruption involving a high-ranking official. The investigation, led by the DOJ, uncovered a complex web of financial transactions and kickbacks. The official, who has been a prominent figure in the government, is facing multiple charges of graft and corruption. The investigation is ongoing, and the DOJ is working to identify all those involved in the scheme. The findings of the investigation are expected to have a major impact on the government's operations and the public's trust in the official. The DOJ is committed to ensuring that justice is served and that the government remains transparent and accountable.

China to work with US on Iran sanctions

BEIJING, April 14 (AP) — China's foreign ministry said Wednesday it will work with the United States to enforce sanctions against Iran's nuclear program. The ministry said the two countries will coordinate their efforts to prevent Iran from obtaining nuclear weapons technology. China's foreign minister, Qian Qubai, said the country will support the United States' efforts to isolate Iran. He said China will also work with the United States to prevent Iran from exporting nuclear technology. Woolkillings

Woolkillings in the UK have been reported to have increased in the last few years. The number of sheep killed in the UK has increased from 1.5 million in 1998 to 2.5 million in 2002. The increase is due to a combination of factors, including a rise in the number of sheep kept in the UK and a rise in the number of sheep killed for meat.

Police get supplies in the Philippines

Police in the Philippines have received a shipment of supplies from the United States. The supplies include uniforms, equipment, and training materials. The shipment was part of a larger aid package from the United States to the Philippines. The aid package is intended to help the Philippines fight terrorism and improve its law enforcement capabilities.

Environmentalists fight climate on NC peak

Environmentalists are fighting a proposed coal-fired power plant in North Carolina. The plant is located on a peak in the Blue Ridge Mountains. Environmentalists argue that the plant will contribute to global warming and air pollution. They are asking the state to reject the plant and instead invest in renewable energy sources.

Aussie firm gets mining permit for Masbate gold project

By Ben Alameda

MANILA, July 15 (AP) — An Australian mining company has secured a permit to develop a large gold project in Masbate province, a move that could significantly boost the island's economy. The project, known as the Masbate Gold Project, is located in the northern part of the island and is expected to produce millions of ounces of gold over its lifetime. The company, which has been operating in the region for several years, has been working to obtain the necessary permits and approvals from the Philippine government. The project is seen as a major investment in the local mining industry and is expected to create thousands of jobs for the local population.

China's Sinopec to pay \$5b for oil sands stake

China's Sinopec Group has agreed to pay \$5 billion for a 5% stake in Canada's oil sands. The deal, announced on Monday, would give Sinopec a 5% stake in the Canadian oil sands, which are a major source of oil for the world. The deal is part of a larger strategy by Sinopec to expand its oil reserves and production. The deal is expected to close in the second half of 2008.

Euro zone aid package for Greece seen as temporary solution

The Euro zone aid package for Greece, announced on Monday, is seen as a temporary solution to the country's economic problems. The package includes a \$10 billion loan to Greece, which is expected to be repaid over a period of 10 years. The package also includes a \$5 billion loan to Greece, which is expected to be repaid over a period of 10 years. The package is seen as a temporary solution to the country's economic problems, which are caused by a combination of factors, including a large trade deficit and a high level of government spending.

Good help is indeed hard to find

Figure 1 is a line graph illustrating the relationship between the number of days of rain and the number of days of sunshine. The X-axis represents the number of days of rain, ranging from 0 to 10. The Y-axis represents the number of days of sunshine, ranging from 0 to 10. The data points are plotted as follows:

Days of Rain (X)	Days of Sunshine (Y)
0	10
1	9
2	8
3	7
4	6
5	5
6	4
7	3
8	2
9	1
10	0

A straight line is drawn through these points, showing a negative linear correlation. The line starts at (0, 10) and ends at (10, 0).
